Corrosive:

- skin corrosion / burns
- eye damage
- corrosive to metals

Warning:

- irritant (skin & eye)
- skin sensitiser
- acute toxicity
- narcotic effect
- respiratory tract infection
- hazardous to ozone layer

Explosive:

- explosives
- self-reactive
- organic peroxides

Environmental:

- aquatic toxicity

Health hazard:

- carcinogen
- mutagenicity
- reproductive toxicity
- respiratory sensitiser
- target organ toxicity

Flammable:

- flammables
- pyrophorics
- self-heating
- emits flammable gases
- self-reactives
- organic peroxides

Toxic:

- acute toxicity - fatal or poisonous / toxic
